Sheila and Tammy
Attached is our report. The yellow highlights are changes (track changes seems to upset formatting etc.). I'll take

them out and send a clean copy when you review it. Some small changes, commas or not etc, I didn't highlight. When I update the table of contents for some reason it inserts a photo. I can't figure out how to get rid of this, but the copy seems to be fine.

The 20121203...document is what responses we made. Green are changes, yellow are our comments.

We hope you like it. Please send a short e-mail acknowledging that you received it so we know it got there. (EPA has been something of a black hole lately.)

We hope all is well.

Alan
